

# BRITAIN'S PREMIER INTIMATES LARGE SCALE INVASION OF EUROPE IS NEAR

## ALLIES HAVE LANDED NEARLY HALF MILLION MEN IN NORTH AFRICA

### CHURCHILL MAKES GENERAL WAR REVIEW BEFORE HOUSE OF COMMONS

By ROBERT E. BUNNELL  
LONDON, Feb. 11.—(P)—Prime Minister Churchill declared today that the Allies had landed nearly a half-million men in Africa and planned an offensive campaign during the next nine months with the goal of engaging the enemy "on the largest possible scale at the earliest possible moment."

In a war review vibrant with his usual fighting spirit and brightened by unusual optimism, the prime minister brought back from the Casablanca unconditional surrender conference the news of a new unification of command in North Africa and the strong intimation that Europe would be invaded as soon as the United Nations were ready.

These were highlights of his address to the cheering House of Commons.

1.—As the British Eighth army moves into Tunisia, the North African command is unified under the American commander, Lieut. Gen. Dwight D. Eisenhower, with Gen. Sir Harold Alexander second in command, and with Mediterranean air forces under British Air Vice Marshal Sir Arthur Tedder, and sea forces under Admiral Sir Andrew B. Cunningham.

2.—The Allies are more than holding their own in the U-boat warfare, with a million and a quarter more tons of shipping available now than six months ago, with losses of the past two months at the lowest figure in over a year, and with the best rate of U-boat sinking far in the rear.

Will Meet Again.

3.—Churchill will meet again with President Roosevelt within the next nine months. The prime minister declared that the president had been willing to go as far as Khatoum, Egypt, to bring Premier Stalin into the January conferences, but that Stalin was not engaged with Russia's mighty winter drive to leave his country even for a day.

4.—British Field Marshal Sir John Dill and American Lieut. Gen. Henry H. Arnold have conferred at Chungking, where the Chinese, Chiang Kai-Shek, who expressed satisfaction at the plans for giving China additional help.

5.—Britain has offered to embody into a "special treaty" her pledge to help carry the war against Japan on to unconditional surrender, but had President Roosevelt's answer that "the word of Britain was quite enough for him."

Churchill's speech emphasized that the allies were preparing to strike.

He declared that the United Nations had "a complete plan of action" to be carried out "during the next nine months."

Dominating Aim.

Churchill, received with loud cheers, said "The dominating aim which we set before ourselves in the conference at Casablanca was to engage the enemy's forces on land, sea, and in the air on the next nine months."

AFRICA.—United States forces relieve French troops in Tunisia.

RUSSIA.—Fighting mounts on southern battlefronts.

## JAPANESE CELEBRATE FOUNDING OF EMPIRE ON LARGE SCALE IN OVERRUN AREAS; HOME QUIET

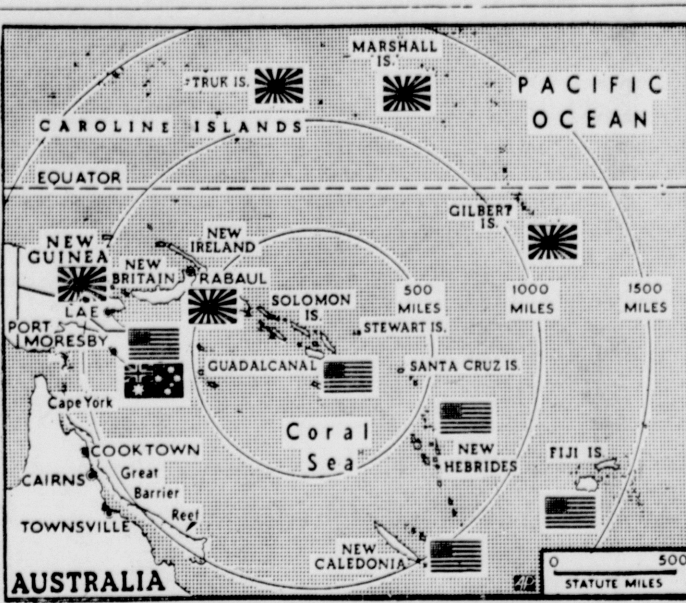

By GLENN BABB.

The Japanese are celebrating their national holiday today on the greatest scale in their history. This is Kigenetsu, the festival of the founding of the empire, and celebrations are being held in scores of cities throughout the lands overrun in the last 14 months.

The Tokyo radio has announced an ambitious program for these observances in the conquered territories, in Malaya, Burma, Java, Borneo, Sumatra, the Philippines, in every land into which aggression has carried the Rising Sun banner. Little is said, however, on the festivities in the homeland.

There, the indications are, it is a sober festival, certainly much less joyous than last year. If we could know what the Japanese masses think and feel we probably would find a corresponding change in the national morale.

Last year Kigenetsu nearly coincided with the fall of Singapore. The army made a great effort to capture the main Oriental bastion of the hated British empire on or before that day but failed by four days. Nevertheless, Kigenetsu 1942 (or 2642, as the Japanese would have it) was a day of

GUADALCANAL'S PLACE IN PACIFIC STRATEGY—Concentric circles show distances from Guadalcanal Island, in the Solomons, to other Allied and Japanese bases (flag symbols) in the Southwest Pacific. U. S. commander on Guadalcanal reported officially that the island had been taken completely.

## HOUSE REFUSES TO RECOMMIT HEALING ARTS LEGISLATION

### EDUCATIONAL REQUIREMENTS FOR PRACTITIONERS WOULD BE SET

AUSTIN, Feb. 11.—(P)—Proponents of a house bill requiring minimum educational standards for practitioners in all the healing arts won a round today in a see-saw battle with supporters of a bill requiring only healers.

By a vote of 67 to 49 the house killed a motion recommending to committee a healing arts bill approved by the public health committee yesterday.

Opponents of the bill charged that it had been railroaded through a subcommittee to which it had been sent for study in less than 12 hours. The bill contains 15 pages.

Generally it would require that applicants for licenses to practice any form of healing art, dentistry, chiropractic, or prayer healers excluded, must pass examinations in seven basic sciences, anatomy, physiology, chemistry, bacteriology, pathology, hygiene, and public health. Its author is Rep. Marvin Simpson, Jr., of Fort Worth.

The senate adjourned after a brief session.

Also on the house calendar was the chiropractors bill setting up minimum standards and otherwise regulating chiropractors alone. Its author is Rep. Manor Westbrook of Magnolia Springs.

Both bills were heard at length by separate committees but opponents of the healing arts bill charged that the subcommittee which was sent to follow a hearing did not consider it thoroughly.

Temper Flared.

Temper flared at times during debate. Rep. Arthur Cato of Weatherford speaking against the motion to recommit drew the fire of Mrs. Florence Winley, Uvalde member. Cato had charged that chiropractors had once attempted to shoot certain members off the floor to prevent them voting approval of the healing arts bill. Mrs. Finley's name was mentioned.

Seizing the microphone, Mrs. Finley asserted:

"I want Mr. Finley to know that I run from no one."

Simpson was given the floor on suspension of a rule which would have blocked his remarks.

The house was in its routine motion period and not on the day's big calendar, following a hearing did not consider it thoroughly.

## RED ARMIES FIGHT ALONG FIFTY MILE FRONT AT KHARKOV

### CAPTURE OF TWO IMPORTANT TOWNS ANNOUNCED BY RUSSIANS

By EDDY GILMORE.

MOSCOW, Feb. 11.—(P)—Capturing settlements between Belgorod and Chuguev, the Red army fought a 50-mile-long assault front just east of Kharkov today, and the fighting was reported mounting in other sectors of southern Russia.

The capture of Chuguev, 22 miles southeast of Kharkov, and Volchansk, 36 miles northeast, was announced by the Russians early today, along with the seizure of Pechenezi, which is 12 miles northeast of Chuguev.

Red Star, the Soviet Army newspaper, said that the furious battles took place at Chuguev and Volchansk.

A dispatch to Pravda, the Communist party newspaper, said that after taking the two towns, the Red army continued its advance westward.

Below Belgorod the Russians were reported advancing down the big Kharkov highway.

(The Russians have made new landings southwest of Novorossisk, the Black Sea naval base, the German high command communique disclosed today. The Germans claimed, however, that they successfully counterattacked these forces which apparently were landed by the Russians to harry the retreat of the German army from the western Caucasus.)

The communique reported that the Russians yesterday "tried to bind German forces in some defensive areas west of the Oskol section by massively carried out attacks and thus to prevent mobile conduct of the fighting." It added that counterattacks prevented this.

(A dispatch in the London Daily Express from its Stockholm correspondent reported today that the Germans were evacuating Kharkov as Russian artillery shelled the city heavily, and it was indicated that the swiftly-moving Red army troops had slashed to within six to 10 miles of the city.)

Tank Grinds Nazis to Death.

LONDON, Feb. 11.—(P)—A Red army tank sped full tilt into a German infantry column south of Kursk and churned more than a company to death with its caterpillar tracks, the Russian midday communique as recorded by the Soviet London radio monitor said today.

Fighting in the Kharkov sector was not specifically mentioned in the war bulletin but the bloody episode was in that general battle area. A company of German tanks was reported destroyed at the beginning of the Russian war.

The tank not only mowed down the Nazi foot soldiers but its batteries blazed away to knock out 18 anti-tank guns, the Russians said.

## Thurman Arnold Nominated for U. S. Court Seat

WASHINGTON, Feb. 11.—(P)—Thurman W. Arnold, assistant attorney general in charge of anti-trust prosecutions, was nominated by President Roosevelt today to be an associate justice of the United States court of appeals for the District of Columbia.

Arnold, on confirmation by the senate, would take the place vacated by Wiley B. Rutledge, who has just been approved for membership on the supreme court.

In line as a possible successor to Arnold at the Justice department is Hugh Cox, formerly his assistant and now doing a special job for the board of economic warfare. Another possibility is his present assistant, Tom C. Clark.

## HERSHEY OPPOSED DEFERRING OF MEN HAVING CHILDREN

### SELECTIVE SERVICE HEAD OBJECTS TO CONGRESS TAKING HAND IN DRAFT

WASHINGTON, Feb. 11.—(P)—Major General Lewis B. Hershey today opposed legislation to require deferment of men with children until all single men and childless married men are drafted and said "the great majority of men" inducted in the next two or three months would be men with children.

Without giving any figures, the director of the selective service said he had previously testified that a lowering of the draft age to 18, which was done, would not meet the demands of the armed forces for manpower and added:

"In the next two or three months the great majority of men inducted will be men with children because there will be no one else left."

"I feel that it would be unwise to enact this legislation," said Hershey, first witness called in house military committee hearings on a bill to set up four categories for induction and for the drafting of men on state wide, instead of a local board basis.

Would Be More Work.

"In its present form, it would render administration of selective service very difficult," Hershey testified, adding that while some changes might be made "to eliminate my objections," he feels the legislation still would be undesirable.

The inevitable tendency of manpower procurement during the next eight or nine months, or even the next two or three months," Hershey said, "must give more weight to the registration of men rather than to the relation he has with dependents."

He emphasized that he was expressing only "my personal opinion," and was not speaking for the war manpower commission.

More than a million single men of draft age—enough to fill more than a fourth of the requirements of the armed services for the rest of the year if they are physically fit—are now deferred on occupational grounds.

Over Million Deferred.

Selective service estimates, it was learned today, show some 1,000,000 men in the 18-25 age bracket hold such deferments, divided as follows:

370,000 in Class 2-A, which covers those in necessary civilian jobs essential to support of the war effort.

570,000 in Class 2-B, covering those holding essential jobs in industries directly related to the war effort.

100,000 in Class 2-C, necessary men in agricultural pursuits.

Many of these men will land in the fighting forces as their deferments—which local boards must review within six months after granting them—are eliminated as other men or women replace them in their positions.

The only ones who won't, in view of the virtual exhaustion of the supply of other single men, excluding those daily reaching the age of 18, are likely to be those who get a grant or renewal of deferment after mid-year or those who simply can't be replaced.

Some of the replacements are expected to come from the ranks of family men now holding jobs which are to become non-deferrable on dependency grounds after April 1.

## FINNISH ELECTION MAY MEAN TURNING POINT IN WAR THERE

WASHINGTON, Feb. 11.—(P)—What may be a turning-point in the Finnish situation lies just ahead.

The signpost is the presidential election in Finland next Monday, when 300 electors assemble in Helsinki to choose a chief executive.

The incumbent is President Risto Ryti, who was elected in 1940 to serve out the unexpired term of President Kyosti Kallio, who died soon after the Russo-Finnish war of 1939-40. In Finnish circles here it is taken for granted that Ryti will be retained.

However other candidates have been mentioned: Field Marshal Gustaf Mannerheim, the former foreign minister Vaino Tanner, and former prime minister J. K. Paasikivi. Tanner was foreign minister during the winter war and Paasikivi headed the negotiation which signed the 1940 peace treaty in Moscow.

Inasmuch as the election is something like the balloting for a nominee in an American party convention, any number of names may appear in the first count. If the first and second ballots do not show a clear majority for any candidate, the two highest fight it out in the third and final balloting.

300 electors who cast ballots on Monday are the same who elected Kallio in 1937 and again in 1940, parliament having suspended the customary popular election of electors in 1940 because of the war. Mannerheim was elected in the kind of election likely to reflect popular feeling on such vital questions as war and peace—specifically a separate peace with Soviet Russia.

## SECRETARY STIMSON FORECASTS HEAVY U. S. CASUALTIES

### HERSHEY DECLARES FATHERS TO FILL ARMY FROM HERE ON OUT

WASHINGTON, Feb. 11.—(P)—Secretary of War Stimson today forecast heavy fighting with many casualties in North Africa and the White House announced a presidential speech for tomorrow night expected to give more news of what lies ahead for the Allies' offensive warfare.

Albion W. Nye, director of the War Relocation Authority, said the nomination of Dwight D. Eisenhower to be a full general in his role as commander in chief of American-British-French operations in Tunisia to drive the Axis out of North Africa.

The spreading influence of total war on America's families came closer home, meanwhile, with this announcement: Major General Lewis B. Hershey, selective service director.

"In the next two or three months the great majority of men inducted will be men with children because there will be no one else left."

Hershey was testifying before the House military committee in opposition to a bill which would require draft deferment of fathers until all single men and childless married men are called into service.

Besides its war angles Mr. Roosevelt's speech tomorrow (8:30 p. m. Central War time) is expected to touch on domestic subjects, including the new 48-hour work week policy, and taxation.

The tax discussion on Capitol Hill continued, with CIO representatives voicing opposition to the Ruml shipyard plan to put income tax payers on a current basis. They contended before the house ways and means committee it would hit primarily the wealthiest groups.

Other Nominations.

Besides the nomination of Eisenhower, Mr. Roosevelt sent these other nominations to the senate today: Thurman W. Arnold, assistant attorney general in charge of anti-trust prosecutions, to be associate justice of the United States court of appeals for the District of Columbia.

Harry H. Schwartz, who was defeated last fall for re-election as a member of the national (railway) mediation board.

William M. Leiserson, also for a place on this board. He was a member of the National Labor Relations Board to reorganize it.

At the state department, strong words came from Undersecretary Sumner Welles, who told his press

## TEN MEN MISSING AFTER RIVER TUG CAPSIZED TODAY

PORTLAND, Ore., Feb. 11.—(P)—The bodies of two of the 10 men missing from a tug which capsized in the Columbia river shortly after midnight were recovered early today.

They were identified as Philip Gerstenkorn, 43, Portland, and James Hoyt Westmoreland, 29, Portland, both shipyard workers.

Nine of the 19 aboard the 50-foot tug, including Pilot Clarence Harvey, were rescued shortly after the tug capsized. The bodies of the two missing men were recovered from the Oregon shore on route to the Henry J. Kaiser Shipyard at Vancouver, Wash.

Powerful searchlights played from the river bank and the scores of searching craft that moved slowly through the pre-dawn darkness in search of the missing. But almost four hours after the tug overturned none of the 10 had been sighted.

Capt. Earl Stanley of the Multnomah county sheriff's office who took charge of the search for the missing, said the tug was used to transport workers because the tug was so small that the regular converted barge ferry did not make the run.

## Heavy American Casualties Are Expected Soon

WASHINGTON, Feb. 11.—(P)—The nation should get set for heavy American casualties, "perhaps in the very near future," Secretary of War Stimson said today in a discussion of developing plans for driving the axis from Africa.

The opposing armies in Tunisia are moving into position, he told a press conference, and heavy fighting is just beginning to participate in major offensive warfare, he said in his mention of casualties.

Finding "a budget of good news" for the United Nations in the last week, the war secretary noted that advance elements of the British 8th army already have crossed the Tunisian border in pursuit of the German Africa corps while in Western Tunisia British, American and French troops are consolidating their positions.

TWO MORE NAZI 'STRONG POINTS' THREATENED—Black area shows gains rolled up within the past few days by Red troops now threatening the German bases of Orel (1) and Kharkov (2). Two other German bases in the same region, Kursk and Belgorod (both shown in black area) have been claimed by Soviets in the past two days.

## Registration for Ration Book No. 2 Starts February 24

Registration for War Ration Book Number 2 will begin in Navarre county on Wednesday, February 24, and will continue through Saturday, February 27, at all of the schools, as for Book 1, with teachers and volunteers as registrars, Wilbur Wright, chairman of the war price and rationing board of this county, announced Thursday.

Declaration forms for listing stocks of rationed foods on hand Feb. 21, will be available to housewives in printed forms published in the Corsicana and Navarre county newspapers.

Rationed Foods.

Rationing of canned and processed foods, including all commercially canned, bottled, and frozen fruits

See RATIONING, Page 8

## BRITISH ARMY IN NORTH AFRICA NOW UNDER EISENHOWER

### PRIME MINISTER CHURCHILL ANNOUNCES CHANGES; REACTION FAVORABLE

LONDON, Feb. 11.—(P)—Prime Minister Churchill told the House of Commons today that as the British Eighth army passes into the American sphere in Tunisia it would "come under the orders of General Eisenhower," the American commander, with Gen. Sir Harold Alexander as his deputy.

Besides Alexander, hitherto the British Middle East commander, as deputy commander in chief these officers also will be under Eisenhower.

Air Vice Marshal Sir Arthur Tedder, air commander in chief for the Mediterranean area and responsible to Eisenhower for air operations in this theater.

Admiral of the Fleet Sir Andrew B. Cunningham, commander of the U. S. and British fleets in Eisenhower's theater.

Air Vice Marshal Arthur Coningham, in active charge of air operations supporting allied forces in Tunisia.

Alexander, with a wealth of experience fighting the Germans and Italians, is seen as the logical

## JAP RESISTANCE ON GUADALCANAL HAS BEEN HALTED

### COMPLETE CONTROL OF ISLAND GAINED BY AMERICAN FORCES

WASHINGTON, Feb. 11.—(P)—All organized Japanese resistance has been halted on Guadalcanal, and United States planes are attacking enemy bases in other parts of the South Pacific, the navy reported today.

2. Japanese forces on Guadalcanal have ended except for isolated patrol skirmishes, followed announcement by Major General Alexander M. Patch yesterday that his troops had gained complete control of Guadalcanal on Tuesday.

The navy communique, number 277, follows:

"North Pacific:

"1. On February 10th:

"(A) During the morning, United States Navy and medium bombers, with fighter escort, bombed Japanese positions at Kiska. Many hits on enemy installations were observed.

"(B) A single enemy float-type plane attacked United States surface units in the Western Aleutians. No damage was suffered.

"South Pacific: (All dates are East Longitude.)

"3. During the night of February 9th-10th, a Catalina patrol bomber (Consolidated PBV) attacked enemy positions at Munda.

"4. On February 10th:

"(A) United States planes attacked enemy positions at Munda.

"(B) A reconnaissance plane from Guadalcanal shot down a twin-engine Japanese bomber over Choiseul Island.

"Choiseul Island is 35 miles north of the New Georgia group, and is about 75 miles long and 15 miles wide.

See GUADALCANAL, Page 8

## HOW MUCH FOOD WILL YOU GET? HERE ARE THE LATEST ESTIMATES PUT TOGETHER BY A. P. WRITER

By OVID A. MARTIN

WASHINGTON, Feb. 11.—(P)—How much food will you get this year?

Not as much as last year, government officials say, but enough.

But there'll be some changes in the way you act in the grocery store as the war goes on.

These changes will grow out of the fact that there will be less food for civilians than has been available to them the past three years. Consumers will have to go back to standards of the late 1930's, when people bought less because incomes were smaller.

Not all civilians will be affected alike by the step-down in eating habits. Rationing, designed to divide the supply equitably, will give some families more than they had in the '30s, some less, others about the same amount.

The Jones family with the \$5,000 income may, for example, have bought an average of four pounds of meat a week for each member of the family in the '30s. Under rationing, they will have to limit purchases to a little more than two pounds each.

The Smith family, with the \$1,000 income, may have consumed only

about a pound and a half per member. It will be allowed to buy more and probably will be financially able to do so, since many family incomes have increased.

Miller family with the \$2,400 income ate an average of about two and a quarter pounds per member. Its standard will remain unchanged.

Same General Effect.

Rationing of other commodities will have the same general effect. Just how much of the various food items will civilians be allowed?

The amount civilians get for the whole of 1943 will be determined largely by the success or failure of farmers in meeting food production goals.

Assuming the farm goals are reached and war demands do not increase, civilians may expect the following amounts of various items:

1.—Meats.

An average of about 36 ounces, or 2-1/4 pounds, a week for each adult. This compares with the British ration of slightly more than a pound, the German ration of 12

## CHURCHILL REPORTS ON CONFERENCE WITH U. S. PRESIDENT

### INTIMATES LARGE SCALE INVASION OF EUROPE IN NEXT NINE MONTHS

By ROGER GREENE  
Associated Press War Editor.

Prime Minister Churchill, reporting on the historic "unconditional surrender" conference with President Roosevelt, intimated to a cheering parliament in London today that an Allied invasion of Europe would be carried out "during the next nine months."

Churchill said the United Nations had a "complete plan of action" and emphasized that the allies would strike "with the utmost speed and energy and on the largest scale."

"Everything in human power is being done to bring British and American forces into action," he said, and added:

"For good or ill, we know exactly what it is we wish to do. We have the united, agreed advice of our experts behind it, and there is nothing now to be done but to work out these schemes in detail and put them into action."

Stressing the difficulties of allied invasion, Churchill declared:

"We have to make the enemy burn and bleed...but it is not as simple as it sounds. The United States has vast oceans to cross...and for both of us there is the daring, complicated enterprises of landing on defended coasts and also building up all supplies and communications necessary for vigorous campaigning once a landing has been made."

Unconditional Surrender.

"Our inflexible insistence on unconditional surrender does not mean we shall state our victory with the by wrong and cruel treatment of the whole axis population, but justice must be done and justice must be stern and implacable."

"No vestige of Nazi or fascist power, no vestige of the Japanese war-planning machine will be left by us when the work is done, as it certainly will be."

As Churchill spoke, Britain's Eighth Army was officially reported to have stormed 20 miles into axis-held southern Tunisia in a renewal of the two-day allied offensive in North Africa.

British headquarters said Gen. Sir Bernard Le Montgomery's vanguards clashed with axis troops in the Ben Gardane sector, 25 miles inside Tunisia, while the German-controlled Vichy radio asserted that British attempts to break through axis lines had failed.

Vichy Broadcast.

Without confirmation elsewhere, the Vichy broadcast declared that Field Marshal Erwin Rommel's forces had driven the British 8th Army back into Tripolitania.

Gen. Sir Harold R. L. G. Alexander, British commander in chief in the Middle East, disclosed yesterday that the 8th Army had started a new drive into Tunisia, surging across the frontier toward the Mareth Line, 60 miles inside Tunisia.

Today's British communique reported artillery duels with the axis in the Ben Gardane sector, on the Tunisian coastal road, and said British patrols farther inland were attacking the enemy.

flamed toward a showdown, the plight of Adolf Hitler's invasion armies in Russia grew ever blacker.

Kharkov Menaced.

The great German base at Kharkov (Pop. 833,000) appeared acutely menaced as the Red armies stormed within 22 miles of the city and Stockholm reports said the nazis were already evacuating the key level center.

Stockholm heard that Russian

## QUIBBLERS IN A CRISIS ENDANGER THE MAIN ISSUES\*

Reality Should Silence Speculation—Peril of  
Pacifist Mood in Churches—How the "In-  
tellectuals" Reacted to a Great Miracle of  
Healing by Jesus.

By WILLIAM T. ELLIS.

As of old, muddled minds are today obscuring a clear reality. Confronted by a world war, with the very existence of the Christian Church at stake, so many preachers are confused by the theoretical issues of pacifism that they are not presenting a united front to a pagan foe; much less are they infusing a crusading Christian spirit into the people. Last December's great meeting of the Federal Council and allied agencies was unable to make a clear-cut deliverance upon the war.

This tendency to quibble in the face of a clear fact also marked the Pharisees in the presence of a great miracle, the curing of a man born blind. They were more interested in their traditions and preconceptions and organization than they were in the marvelous deliverance of a man sightless from birth.

### A Generation of Pacifism

For a quarter of a century a large proportion of the clergy have been obsessed with the theme of peace. They took extreme positions regarding war. A common pulp sentiment was, "I will not in jail before I will have anything to do with another war." Some cynical observers of this mood have remarked that it was easier to lambaste war and to predict peace than it was to win individual converts to the Gospel.

Not all ministers who followed the pacifist vogue quote sensed the fact that in revolting from the horrors of war they were in unity with the days of the exaltation of the physical. Their hatred of hurt was but the obverse side of the current mood of sense-gratification. Society was a grand spree of sensual indulgence and materialism. Myriads of preachers unwittingly joined the procession by proclaiming pacifism's doctrine of the supreme evil of physical suffering.

### Some Bible Mathematics

Woodrow Wilson was true to the teaching of Scripture when he proclaimed, "The right is more precious than peace." For a rough approximation of the Bible's relative emphasis upon peace and right, I take down my concordance and count the texts dealing with peace, all kinds of peace. I find them to number 250, in both Testaments. Then I turn to "right" and "righteousness" and discover that the passages number 1077—taking no account of kindred references to "justice," etc.

A fair inference from this simple count is that the Bible lays more than four times as much emphasis upon righteousness as it does upon peace. It is not a pacifist volume; nor was Jesus a pacifist. Our basic need today is for a return to the Scripture's clear teachings about the pre-eminence of simple right. If we are going to be on God's side in this war we shall have to contend ardently and militantly for the qualities which are revealed as paramount in His nature and will. The simple fact is that the forces of evil have set out to rule the world; and, in God's name, we must withstand and destroy them.

### The Blunder of the Pharisees

Face to face with a reality—the cure of the blind man—the Pharisees sought to deny or misinterpret it. They had their own code and status to defend. They cared more for the religious regulations they had built up than for mercy and compassion. They hated any interference with the existing order; just as do the imperial politicians who want the old colonial policies to remain in force after the war; and as the business men who are bitterly antagonistic to any changes in "business as usual." It takes some such large-scale catastrophe as the

### SEVEN SENTENCE SERMONS

The merit belongs to the beginner, should even the successor do better.—Arab Proverb.

He who is convinced that there remains naught for him to do but to enjoy himself, is little more than an erect animal.—Rabbi J. Leonard Levy.

What a piece of work is man! How noble in reason; how infinite in faculty; In apprehension how like an angel; In comprehension how like a god! —Shakespeare.

My patriotism lives and flutters as a sentiment, unless I know that the land I live in is really making, by its constant life, a contribution to the righteousness and progress of the world.—Philip Brooks.

One thing I know, that, whereas I was blind, now I see.—John 9:25.

Begin low, speak slow; Take fire, rise impressed; Be self-possessed; At the end wax warm, And sit down in a storm.—An Old Hint to Public Speakers.

The most important thought that ever occupied my mind was that of my individual responsibility to God.—Daniel Webster.

"The Sunday School Lesson for February 14, is 'Jesus Heals A Man Born Blind.'—John 9.

## HONOR ROLL 100F HOME GRADUATES IN U. S. ARMED SERVICES

An honor roll of 100F Home graduates and ex-students now in the U. S. armed forces, being prepared by Joel C. Trimble, bandmaster, and will be presented at the annual sessions of the Grand Lodge of Texas, IOOF, at Dallas next month. The list is incomplete, and includes the boys known to be in the service finishing here the past four years. One casualty, Doyle F. Henley, lost his life at Wake Island, it was reported.

The list is incomplete. Superintendent J. W. Hampton, stated Wednesday and estimated at least 100 others are in the services, but there is not a complete record here available.

**Reported Killed.**

Johnnie and Sidney Awallt, both graduated here, have been officially reported killed in action, but definite official information is not available here as most of the boys going to the service list next of kin not residents of the Home here.

An American flag heads the honor roll prepared by Trimble, with the notation: "For God and Country: Friendship, Love and Truth: Our Boys in the Armed Forces."

**Honor Roll.**

The 68 names already listed on the honor roll, with others to be added as learned, include:

Army—Red Harbin, Harold Davidson, Woodrow Webb, Max Duckworth, Clinton Duckworth, Marvin Knight, Frank Holland, Arnold Smith, Harry Bedizian, Junior Harris, Gerald Jones, Harry Goodlow, Roy Packer, T. J. Harwell, Waldo Harwell, Glen Smith, Ismael Rosson, Neal McCannan, Jack Smith, Horace Cook, H. J. Tice (Japanese prisoner), Roland Carroll, Marion Cash, Edwin Goodlow.

Marines—J. S. Metcalf, Julian Harwell, Bennie Cook, Son Fletcher, Frank Jutson, Ernest Fields, Ed Goulder.

Navy—Clinton Knight, Paul Campbell, Wilson Campbell, Wayne Erwin, Gilbert Knight, George McMenamy, Marshall Smith, Harry Eitzwall, James Campbell, Lewis Moss, Cubby McMenamy (Coast Guard), Doyle F. Henley (gold star, deceased), Ned Johnson, Bryan Johnson, Haskei Adcox, Junior Box, Harlan Box, Harold Morris, Wilton Price, Clyde Derby, Murphy Rogers, Henry Garrett, R. B. (Red) Gilmore, Jean Campbell, Richard Gaddis, Jack Lewis, Gussie Wheeler, Charles Wheeler, Henry Horn and Ray Campbell.

Air Corps—C. B. Lewis, Jim Campbell, Barney Smith, Billy Jones, Donald Smith, Otis Beavers and Edwin Edwinton.

**Compliance Checks**

A total of 69 checks for 1942 conservation compliance have been sent to the producers, it has been learned at the AAA offices here, amounting to \$5,546.35.

This brings the total thus far to \$24,087.40.

**PENNEY'S**

YOUR HOUSE AND THE WAR: Salvage

Of all the nations on earth, we Americans must admit to habits of wastefulness known in no other country.

We have lived so long in the midst of plenty that we have lost the art of utilizing everything of value. Now we have to learn to salvage, re-claim, re-use... every little item we live with.

On the home front such economies are especially important. Every housewife can devise ways of turning things to use.

But remember this: in order to get long use out of the things you buy, you must buy them carefully in the first place.

The close scrutiny, the rigid testing of Penney merchandise, assures you good value... an assurance you MUST have in everything you buy today.

## Red Cross Work Rooms Opened 2 Towns in County

Mesdames A. B. Horn and W. H. Hastings opened Red Cross surgical dressings workrooms at Spring Hill and Stansell on Tuesday, and taught thirty-eight women to make 2x4s for the Navarro County quota of more than one hundred and six thousand dressings.

Mesdames Horn and Hastings arrived at Spring Hill which is on Route 2 north of Dawson about 10 o'clock, and about 11:30 o'clock the room was in readiness for work, with twenty-three women present. The group worked until 1 o'clock, at which time a covered dish luncheon was enjoyed. Another half hour of instruction was given between 2 and 2:30 o'clock, with the following women composing the class: Mesdames H. V. Matthews, chairman; S. R. Price, J. H. Ford, John Adams, W. A. Hargis, E. H. Hargraves, Mary Lou Wilson, Jack Berry, J. E. Vest, T. E. Whitener, Hughie Shaw, Elvira Slater, H. H. Slater, H. E. Matthews, J. A. Bills, J. H. Hardy, J. E. Trihart, W. S. Putnam, Tinnie Sykes, Carrie Shaw, E. F. Hammett, S. T. Prater, Martel Haggle and Johnny Haggle.

By 3:30 o'clock, Mesdames Horn and Hastings were at Stansell, which is located on Route 1 south of Dawson, and ready to begin instruction with a new class of fifteen women, as follows: Mesdames Almer Benfro, chairman; Frank Shaw, Charles Gaunt, Edward Tarbot, Grover Crain, M. A. Norris, Gussie Wilson, Mattie Thrash, Doyle Ivy, Jerome E. Jones, Rudolph Maran, Robert A. Jones, Rufus C. Vickery, J. L. Cox, and Miss Allie Maye Norris.

Five thousand and 2x2 dressings were left at each new workroom, as their part in the present quota.

**Two Other Rooms to be Opened.**

Mesdames Horn and Hastings will open workrooms in Barry and Wayne on Wednesday and Thursday, which will make a total of eight workrooms in the county, in addition to the one in Corsicana. According to announcement, no other workrooms will be opened, as Navarro County's quota of dressings will be reached if all women who have received instruction will contribute their share of hours to the work.

Mesdames Horn and Hastings are giving wholeheartedly of their time and talent to this major activity, and deserve the support of every woman in the county.

**Milford Monthly Singing.**

Next Sunday, February 1, being the second Sunday of the month, is regular singing day at Milford. An invitation is extended to all singers to attend and take part in the exercises. The meetings are held in the Methodist church and singing begins at 2:34 p. m.

## COPY OF LETTER FROM ROOSEVELT RECEIVED HERE

W. E. McKinney recently wrote an endorsement of an open letter written to President Roosevelt by Congressman Luther A. Johnson asking that regulations be simplified and this week received an acknowledgment from Congressman Johnson who enclosed a photographic copy of the reply from the President.

The letter from the Chief Executive said that war has brought many new problems for civilian economy and had to be dealt with either by new agencies or by the assumption of new responsibilities by existing agencies.

"In dealing with the difficulties of limited supplies and expanding consumer purchasing power, such agencies were forced to issue many regulations in order to assure the maintenance of our war effort and to protect civilian economy," the letter related, and then pointed out that frequently a regulation, which at first seemed fair, "has proved in actual practice to be unworkable." The letter to Johnson also referred to conflicting regulations issued by various agencies with over-lapping jurisdictions.

"An earnest effort is now being made to co-ordinate the activities of these various agencies, thereby eliminating all conflicts of jurisdiction, and to make the regulations issued by the agencies as simple and practicable as possible," the letter from the President continued. The letter from the Congressman was passed on to the USDA and OPA.

## Lt. Dysinger Takes Over Duties As C. O. At Corsicana Field

A change in commanding officers at Corsicana Field, Air Activities of Texas, was announced Wednesday by Lieut. A. S. Key, public relations officer.

First Lieut. L. S. Dysinger is now commanding officer of the local Army primary flying school, and Major Stanton T. Smith, Jr., commanding officer since June 23, 1942, goes to Foster Field, Victoria. After a short stay there Major Smith will be transferred to combat duty.

Lieut. Dysinger has been at the local field since Feb. 14, 1942, with the exception of three months ferrying planes to South America. Previously he was engineering officer at the school. A member of the class 40-G, Kelly Field, the lieutenant served as an instructor at Randolph Field, San Angelo, to Corsicana.

A graduate of San Jose State College, Lieut. Dysinger makes his home at Palo Alto, Calif. He is married and the officer and his wife are very popular in Corsicana, having many friends here.

Major and Mrs. Smith had a wide circle of friends in this city all of whom regret their departure.

## Soldier Pictures Of World War One

A Souvenir of Camp Bowie, Fort Worth, in the form of a book containing many pictures of the 131st, 132nd, and 133rd Field Artillery stationed there in 1918, was exhibited today by Sam Ellis with Battery D, 132nd F. A., at that time.

The book is the property of Leroy Howell now working in California. A large number of Corsicana and Navarro county men were in these units during World War I, and the pictures are of especial interest here.

**Have Fine Baby Boy.**

Mr. and Mrs. Harvey B. Martin of Ogleby, Texas, are the parents of a baby boy, who made his arrival at the Bule Hospital in Marlin, Texas. The young man has been named, William Eugene. Mrs. Martin will be remembered as Miss Burnie Jones of Phillips Chapel.

## Personal Mention Of Kereus Folk

KEREUS, Feb. 11.—(Spl.)—Mr. and Mrs. E. M. Westbrook of Bryan spent Monday in Kereus.

Rev. and Mrs. Roy Johnson entertained the Stewards of the Methodist church and their wives at the parsonage Monday evening.

Mrs. John Simms received word Monday that her son-in-law, Angus Fuller had died very suddenly that morning at Enid, Oklahoma.

Mr. and Mrs. Jim Stevenson, Mrs. George Hemphill and Mrs. Jack Anderson attended the funeral of Mr. Angus Fuller, which was held in Nacogdoches at 3 o'clock Tuesday afternoon.

The many friends of N. S. Crawford will be glad to learn that he has been brought to his home in Elm Flat, from Waco where he underwent an operation, and is doing fine.

Don Foster, formerly a member of the Maryland Coast guard has been transferred to the navy, and at the present is at home with his wife and daughter, waiting his call.

Mr. and Mrs. J. C. Sherrill of Houston and Corporal Pat Sherrill of Camp Elliot California are visiting their mother and grandmother, Mrs. Claude Sherrill.

Sick and Convalescent.  
A daughter was born to Mrs. A. J. Reeves Wednesday afternoon at the P. and S. Hospital.

Norma Larson, injured sometime ago, in an automobile wreck, is in the P. and S. Hospital for a check-up. She is doing nicely.

A daughter was born to Mrs. O. E. Guber at the P. and S. Hospital Tuesday night.

Mrs. C. G. Summers of Frost, who has been in a Marlin hospital for the past several weeks, is scheduled to return to her home Thursday.

## Dorothy Bell Steen Weds Winston Currie

A pretty wedding marked by its solemnity took place Saturday evening, Feb. 6, at 8 o'clock in the home of Mr. and Mrs. J. A. Steen of Gonzales, when their daughter, Miss Dorothy Bell Steen, in marriage, was united to Winston Currie. He is the son of Mrs. Martha Currie of Austin and Oscar Currie of Gonzales.

Both are 1938 graduates of Gonzales High School. She attended the University of Texas and last year was principal at Five Mile School. The bridegroom attended the University of Texas two years before accepting a position with the REA at Cost. He served there a year and last fall was transferred to Corsicana.

Monday the bridegroom returned to Corsicana where he serves in the bookkeeping department of the REA office. The bride remained in Austin, to complete her work in the University, where she will graduate this June.

## Dan Cunningham Is A.P.O. Chairman

AUSTIN, Feb. 10.—(Spl.)—During the spring semester, a new group of officers, including Dan Cunningham of Corsicana, chairman of the service projects committee, will direct the activities of Alpha Phi Omega, national honorary service fraternity.

One of the requirements for membership in A.P.O. is a former ranking as an Eagle Scout. Most of the jobs done by members at the University, however, have little to do with scouting. During the past two years, they have conducted campus registration for rationing and selective service, and have aided in various "drives" for funds—Community Chest, U.S.O., and Red Cross.

## PUTTING JUSTICES ON SALARY BASIS IS REFUSED BY COURT

A motion to refuse a request by justices of the peace, Precinct 1, to be placed on salaries instead of the present fee basis was passed at the Monday afternoon session of the commissioners court. All voted aye on the motion.

Tax matters were considered but no orders were passed.

Following is the financial statement of Navarro county funds as of February 1, 1943, as prepared by E. Y. Cunningham, county auditor:

General Fund.

Right Must Win

With American and Allied successes of small and large proportions throughout the world, our cause for justice and right seems to be well on its way toward a triumphant triumph over the forces of tyranny and evil. All of us must be prepared to contribute in some way to the downfall and complete subjugation of those enemies of mankind who trod upon the weak and unprepared. Work or fight is the order of the day—the formula for victory.

The formula for good health is a simple one—it consists of following sensible rules with regard to diet, rest and exercise, and seeing the physician at the first signs of illness. Remember it's patriotic to keep well these days!

## Post-Nuptial Shower Given Recent Bride

Complimenting Mrs. Edward L. Teter, a recent bride, Mrs. Joe Nagy and Mrs. Guy Wood entertained at the home of Mrs. H. B. Butler on Friday evening with a shower. Guests were greeted by Miss Betty Jane Wood. After registering in the bride's book, games provided diversion for all present. The large basket in which the gifts were presented, was artistically decorated in red, white and blue. Gifts were inspected by the guests and admired.

Refreshments of hot chocolate and cookies were served from a beautifully appointed table laid with a handsome lace cloth, and centered with glowing white candles.

Mrs. Edward L. Teter was the former Miss Billie Ann Butler before her wedding on January 17th at Hillsboro.

**FAITH AND BATTLE**

War isn't all training and fighting and rough relaxation, by any means. There is a sober, spiritual side to it which is more prevalent than civilians might think. An impressive account of this phase is given by Capt. Philip W. Porter, normally editor of the Cleveland Plain Dealer, now abroad in the Army air forces. He tells impressively of a sabbatical week-end at sea, on the way over.

In the ship's library religious services began early and lasted nearly all day. An altar was set up, with white linen and candles, here on weekdays there was gay talk, songs and poker games. Men of all sorts, in all kinds of uniforms, poured in soberly for the services. The denominations took turns. The Catholic chaplain in his priestly robes intoned the mass, his congregation all standing because there was no room to sit or kneel. The hallways and corridors were respectfully silent. Then an Episcopalian minister covered his khaki uniform with the cassock of his church and drew communion vessels from a handbag, with "a soldier in a dirty fatigue jacket, khaki pants and the usual big army shoes, functioning as altar boy." After that came worshipers representing Methodists and Baptists and Presbyterians and all the rest, with their familiar ritual, song and prayer. On the previous Friday the library had been transformed into a Jewish temple, with services conducted by a Hebrew rabbi.

All were reverent, all worshipped God in their own ways, and all respected each other's way. It was an impressive picture of American freedom and faith.

**U-BOATS AND CRIME**

The submarine menace is looming up again. Pretty good authority maintains that U-boats are sinking vessels faster than we are building them. Even if this is not true, they are evidently sinking too many. It is today the chief war menace to the United Nations.

In the last war convoys proved the answer. They still do when the planes and vessels can be spared to make up the convoys. The situation is a good deal like crime repression in a city without enough police. Order is then maintained only by a series of spurts, when all available police are concentrated on some particular job or in some particular section of the city. Everything else may be dropped to ensure protection at some special time or place; but when the unusual effort is relaxed, crime begins again. The one satisfactory remedy would be to get more police.

Similarly, to reduce U-boats depredations there must be more convoys, which means the faster building of more ships. Or part of the answer may be found in Henry Keiser's dream of huge flying freighters carrying their goods miles above the U-boats. Whatever the solution, it must be found.

With the Japs it's an eye for an eye and a tooth for a tooth, and those big Jap teeth make good targets.

The eagles themselves must be envying these new war planes.

Sure, democracies blunder, but they usually blunder ahead.

**Edgar A. Guest**

The Poet of the People

**"AS YOU SAY."**

"Well," I say to the missus, "what's planned for today? Have you made up your mind? Do we go, do we stay? Here at home do we dine or with good friends afar? Remember, my dear, we've no gas for the car!"

And she says as that sweet smile of hers reappears: "We'll do as you say, as we've done down the years."

Says the missus to me: "For your dinner tonight

Is it roast beef or lamb, is it brown bread or white? Is it meat loaf or stew, is it chicken or fish? Just say what you'd like, it shall be as you wish."

And I say, as an attitude solemn I strike: "Why bother to ask, when you'll serve what you like."

To the children I say when they plead for a show: "For permission of course to your mother you'll go."

And the mother as subtle, as subtle as can be To the question returns them to me.

For that's how it is, as all married folks know: Each is sure that the other is running the show.

**TURNING POINT**

The capture or destruction of that army of 220,000 German troops at Stalingrad is a great national tragedy. Added to the Nazi forces killed or captured in other sections of the vast battle, the losses so far inflicted by the Russians must be at least a million. And they continue rolling up.

That battle is Hitler's Waterloo. It is not the final battle, but the tide has turned. The collapse of the mightiest military power ever created is under way, and from now on it may be expected that the crumbling of the Nazi-Fascist effort to conquer and enslave and exploit the world will be more rapid.

This may be the most important time in modern history. It can be if the Allied Nations, now turned from defense to offense, press their war relentlessly, and if the victors use their power to free the world and keep it free.

Much will depend on Russia. If that powerful nation is content with victory and the establishment of its racial borders, and the development of its own talents and resources, it may become one of the great leaders of the modern world, in the fine arts no less than in war and industry.

**SIMPLIFYING**

It's the simple life now for Americans, and simple clothing is a part of it. The technical word for it is "rationalization." Bernard M. Baruch explains this as "just a \$10 word for something my old war industries board and the army's mobilization plans have been advocating for 25 years." He means simplifying war materials and processes, eliminating frills and duplications.

It is good private policy as well as good public policy. Americans have been largely engaged, since the last war, in making life, materials and methods more complicated. But when it comes to fighting a war, the complications have to be simplified. Otherwise armies and navies get all snarled up; and then, while they're trying to get unsnarled, an enemy using simpler methods may swoop down and shoot them up. That happened to us, to some extent, when the Japs launched this war.

Paying now for goods to be delivered after the war may be a bright idea, but don't stop buying bonds.

Those noises down under the Pennsylvania hills are miners digging coal to make up for lost time.

The Russians can now supply their steel industries largely with the wreckage left by fleeing Germans.

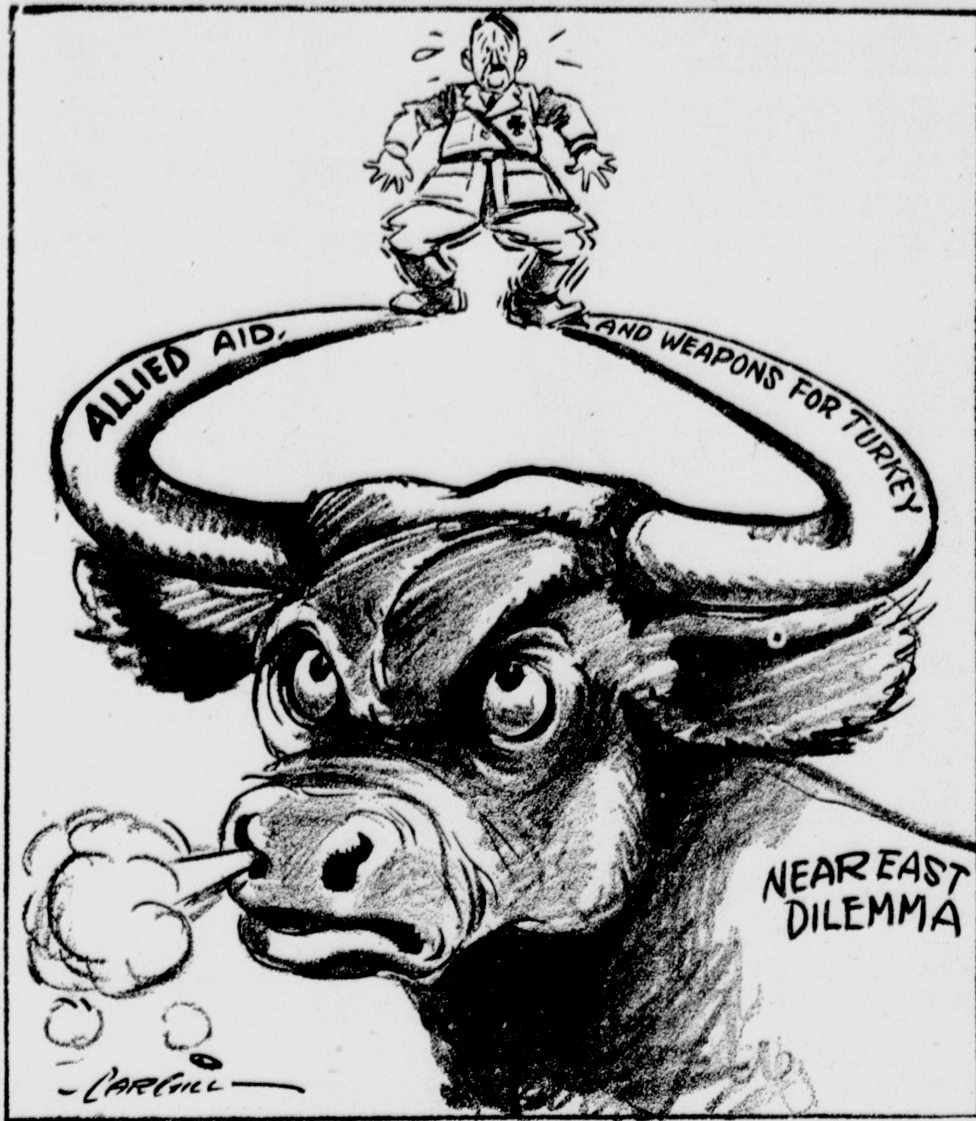

Congress lately seems to be acting as if it really had something to do about governing the country.

**THE GOLDEN HORNS****Fayrine Barron Weds Lt. E. M. Beale**

In a single ring ceremony at the home of Mrs. Clifton Barron, Miss Fayrine Barron became the bride of Lt. Elliott H. Beale. The wedding was performed at 3:30 p. m., Sunday Feb. 7, by Rev. J. J. Stone, pastor of the Calvary Baptist Church.

The attendants were Lt. Horace P. Potts, Miss Jodie Mullins, Lt. Emory Holloway, Miss Dorothy Jean Barron and the family and close friends of the bride and the bridegroom were present.

The bride wore a powder blue suit with military effect and navy blue patent accessories. Her carriage was of pink carnations. A reception was held immediately after the wedding. A patriotic color scheme was carried out and ice cream and cake were served by the hostesses, Mrs. Clifton Barron, Calvin Barron, and Irvin Daniels. Lt. Beale is with the Harte Flying Service, Denton, Texas, where the couple will live. Lt. and Mrs. Beale are both graduates of the Corsicana High School class of 1940.

**Growing Baby Chicks Subject Pickett Club**

Growing baby chicks and selecting breeding stock was the topic discussed by the members of the Pickett Home Demonstration club on Feb. 8, in the school auditorium. During the business session, committees were appointed, and the year books were filled out for the following year.

After the meeting adjourned, a social hour was enjoyed by twelve members. The next meeting will be Feb. 22, in the home of Mrs. Kyle Stokes.

**Why Food Rationing In This Land Of Plenty?**

What's back of food rationing? Why are there shortages of vital foods? Is the lend-lease program responsible? How much food is there going to be, anyway?

You hear questions like these in grocery stores, in butcher shops, on street corners.

Here are the answers, to these and to other queries, in two stories by Ovid Martin of The Associated Press.

Writing from Washington, Martin goes over the whole food picture, analyzing and explaining clearly and concisely. On Thursday, in the Daily Sun, he will tell how much food will be available, how it will affect individual families. On Friday, he will explain why food rationing is necessary, clear up some of the misunderstandings about the program.

**Infant Died Monday Rites Held Tuesday**

Funeral services for the infant daughter of Mr. and Mrs. A. J. Bentley of Purdon were held Tuesday afternoon at 2 o'clock at the Dresden cemetery where interment was made. Rev. T. R. Vaughn officiated. The child died Monday and is a twin sister to the infant daughter of Mr. and Mrs. Bentley that was buried Monday.

Surviving are the parents, four brothers, Albert, David, Dale and Donald Bentley; a sister, Katy May Bentley, all of Purdon, grandparents, Mr. and Mrs. W. W. Minefee, Purdon, and Mr. and Mrs. J. F. Bentley, Powell. Corley's Funeral Home directed the arrangements.

**Geraughty Discusses Salary Legislation**

Pat H. Geraughty, representative in the Texas legislature from Navarro county, who recently introduced a bill reducing the present schedule of salaries from the top-ranking officers in the county, writes that the population bracket provided for in the bill is 51,000 to 54,000 inhabitants instead of 51,300 to 51,400 as reported in this newspaper.

Geraughty points out that the attorney general's department aided him in preparing the bill and that the Supreme Court of Texas is the only body to determine the constitutionality of a measure. He said the salary law was worded setting the salaries from earnings and not collections causing the high salaries—higher than the fees of the office before the salary bill was passed.

The representative stated he had worked for the interest of the county throughout his life, and if there is any opposition it can be expressed between now and Feb. 18, when the public hearing is held. Geraughty request Navarro countians write him about the measure "if you approve or disapprove."

**Roane Girl Weds Corp. Geo. Wilson**

Miss Marie Barnes, granddaughter of Mrs. W. A. Henderson of Roane, became the bride of Cpl. Geo. J. Wilson of Camp Edwards, Mass., in a quiet ceremony at Carthage, Texas, Thursday, February 4.

The bride was becomingly dressed in black crepe with black and green accessories. Mrs. Wilson will continue to make her home with her grandmother for the present.

**COTTON CONGRESS COMMITTEE NAMED BY BURRIS JACKSON**

WACO, Feb. 9.—(Spl.)—The 1943 Cotton Congress committee was announced here today by Burriss C. Jackson, Hillsboro, General Chairman of the State-Wide Cotton Committee, sponsors of the annual meeting.

Dr. A. B. Conner, College Station, Director of the Texas Agricultural Experiment Station, was named Chairman of the Congress Committee, which includes about fifty of the State's business and agricultural leaders.

The 1943 Congress will be the fourth annual event of its kind which has drawn both national and international attention. "The purpose of the Congress is to assemble and analyze all pertinent facts relating to cotton in the world," Jackson said, as he outlined the possible scope of the Congress program.

He said that cotton was making a vital contribution to the war effort both on the battle front and the home front, and that the Cotton Congress would be a direct contribution to the war.

The committee was charged with the responsibility of selecting the city and setting the time for the Congress meeting, and Jackson said plans would be started immediately to develop extensive exhibits showing everything used in the war made from cotton products.

**NAVARRO COUNTY NEGRO SUES BUS LINE FOR \$15,000**

DALLAS, Feb. 9.—Alleging his civil rights under the Fourteenth Amendment to the Constitution were violated when he was forced to give up his seat to a white person, a Corsicana-Dallas bus driver, Monday filed suit in Federal court against Bowen Motor Coach.

Oliver, who alleged injuries received in World War I were aggravated by being forced to stand a considerable distance, asked \$5,000 personal injury, \$5,000 for being deprived of his civil rights and \$5,000 exemplary damages.

**Joe Yorks Observe Wedding Anniversary**

Mr. and Mrs. Joe York observed their sixteenth wedding anniversary at their home on Monday evening when they entertained with a dinner and forty-two party.

From an attractive buffet table, laid in peach linen cloth, and centered with a harmonizing pottery bowl filled with a profusion of wine-tinted rosebuds, white snapdragons, and peach begonia blossoms, the following guests were served: Mr. and Mrs. J. S. Teitel, Mr. and Mrs. E. B. Dawson, Mr. and Mrs. M. H. Statham, Mr. and Mrs. George Hudson and Mr. and Mrs. Clarence Weidman.

**Jones Ranch H. D. Club Met Wednesday**

The Jones Ranch Home Demonstration club met February 3, at the home of Mrs. A. F. Allen. Mrs. P. E. Brinson gave an interesting talk on the Atlantic Charter, taking the eight points and discussing them separately.

An auction was discussed and planned for the first meeting in March. A small prize will be given the person deriving the most from the sale. Mrs. Allen discussed the culling of poultry.

Refreshments were served to seven club members and the following visitors, Mrs. Reed and Mrs. Lula Tullos. The next meeting will be Feb. 17, with Mrs. Otis Hill.

**Information From Rationing Board**

Very shortly now the nation's stock pile of idle tires will start to move into the hands of eligible dealers, Wilbur Wright, chairman of the Navarro county war price and rationing board stated Tuesday. These so called idle tires are classified as grade 3 and are intended to take the place, temporarily of new grade 3 war or victory tires, the building of which has been temporarily discontinued. However, there are still a lot of them available and they are still to be advertised, the chairman pointed out.

"Many of these idle tires will serve a dual purpose as they are of pre-war construction and can in many cases be used on pickup and farm trucks much more satisfactorily at present regulated speeds, than new grade 3 war tires," Wright said.

Wright gave the assurance that everything possible within limitations of the board will be done to take care of preferential essential driving requirements of the citizens of the community although the available supply continues to be very limited.

**Buy Food Stamps Before February 22**

E. D. McCormick, Navarro county judge, Tuesday was advised that all food stamps participants in the new purchasing stamps from the Central Texas stamp office in Dallas should make their purchases before February 22. The stamps must be used in exchange for food by March 21, 1943, as this is the last date that retail food stores can accept food stamps, the communication from the secretary of agriculture stated. The food stamp plan is to be discontinued, effective March 1.

**Here to Assist With Income Tax**

Corsicana and Navarro county citizens desiring assistance with their income tax problems are requested to call at Room No. 7, Postoffice Building, Saturday, February 13, between the hours of 8:30 a. m. and 5 p. m.

At this time Deputy Collectors of Internal Revenue C. A. Gordon, H. H. Cooper, Jr., and H. L. Woodridge will be on duty for your convenience.

The deputy collectors will return to Corsicana February 22, and will remain here through March 15.

Lost Something? Try a Daily Sun Want Ad.

**WPA LABOR BEING WITHDRAWN SCHOOL LUNCH PROGRAMS**

All WPA labor is being withdrawn from the more than 20 Navarro county school lunch programs, Feb. 19, Mrs. Ruth Yelvington, assistant in charge, announced Tuesday, but the schools involved are making plans to get other labor and continue the programs during the remainder of the year.

Many of the schools are planning to continue the lunchroom programs permanently with hired or voluntary workers.

A food preservation program is planned for the summer, as the equipment necessary is available and there is an ample supply of tin cans on hand.

All WPA property including uniforms, etc., at the school lunch programs will be turned over to the schools for use, it was stated.

An average of 1700 children are fed per day in the Navarro county lunch program, Mrs. Yelvington stated.

**Soldier and Wife**

Parents Baby Boy

Sgt. and Mrs. Hugh D. Johnson announce the arrival of an eleven pound baby boy, Hugh Glendon, who was born on Saturday, January 30.

Sgt. Johnson has been with his wife and baby, who are both doing nicely. Mrs. Johnson is the former Dorothy Howell, daughter of Mr. and Mrs. Roy Howell of Kerens.

**Beware Coughs Following Flu**

After the flu is over and gone, the cough that follows feels like it will tear your chest walls apart. You need reliable and ready help. Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to take it as quickly as the cough or you are to have your money back. (Adv.)

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

Valentine's Day is the day on which we speak the language of love... and what more beautiful way is there to send your message than with a gift of jewelry? Whether your sweetheart is in the Armed Forces or a civilian, choose a lovely gift of jewelry.

## HEALTH, BEAUTY AND POISE HOW TO IMPROVE YOUR PERSONALITY By VERONICA DENGEL

WHICH WILL YOU HAVE?

I have so many, many letters from young girls who want to reduce—girls of 18, 19 and 20 years, and some of them younger. They complain of heavy hips, thighs and tummies—and want some painless way of getting rid of it all. I say "painless" because to suggest a rigid diet to them, or some regular, Veronica Dengel planned exercises that would cause them to give up some of their cakes, sodas, sundries, cakes and pies and bread and potatoes—well, that seems too much to do without.

This was brought home to me quite forcibly last week. My son was giving a party for one of his friends who was going into the air corps—and there was a little girl there who particularly interested me. She had a lovely face. I was wailing with the girls. The boys, however, didn't find her quite so interesting. And why not? Well, she wore a plaid skirt in a blue and red pattern (it was an afternoon skating party at the pond, with supper back at the house, and dancing after that—most informal), and with this skirt she had a white sweater. Looking at her full view, she seemed on the plump side—and one thought the outfit rather cut up in color for such a short person—but when she turned around, just Mrs. Five by Five! And those large hips were certainly accentuated by that skirt. She knew about my work—and cornered me upstairs during the evening to ask how she

## INFORMATION FOR THOSE PLANNING TO PLANT GARDENS

Close observation of plants should suggest the presence of any nutrient deficiency, says Miss Vera Sneed, county home demonstration agent.

A light green color in the foliage, for example, indicates lack of nitrogen; slow growth, a lack of phosphorus; and low disease resistance, a lack of potassium. On account of wartime requirements, however, fertilizers which formerly had 4 per cent nitrogen now are restricted to not more than 3 per cent, and those mixtures containing 4 to 10 per cent to not more than 4 per cent. Accordingly, Miss Sneed says, "it remains for us to control our garden with such fertilizers as 4-10-7, 4-12-4, or 3-12-6."

**Use of Fertilizers.** Approved grades for 1943 do not permit the use of nitrogenous fertilizer on lawns, shade trees or shrubbery. There is no restriction on any organic fertilizer such as cottonseed meal, soybean meal, dried blood or tankage. There is advantage in using such materials as legumes turned under, or even composts made of weeds, leaves and refuse of any kind after decomposition.

The Texas experiment station and the extension service recommend for vegetables and fruits 4-12-4, 4-10-7 or 4-8-12. These may be used at the rate of three pounds to 100 square feet for a good application. Of these formulas 4-12-4 seems in general to be the best; 4-10-7 is second, especially where disease has to be reckoned with, or where potash is needed for tone and vigor of the plants. For fruits and vegetables nitrogen is the most important fertilizing element. Where a garden is very large it will not be out of place to put in a cover crop of legume such as vetch, burr clover or even Austrian winter peas.

**Other Formulas.** For tomatoes, peppers and egg plants this year we should use formulas as 3-15-0, applied at the rate of about 3 to 4 pounds per 100 square feet, or place it in bands beneath the row. A 3-15-0 formula is recommended for onions, applied at the rate of 2 pounds per 100 square feet. For lawns, flowers, shrubs, etc., cottonseed meal will have to do if the area justifies the expense. A good mixture to use

is equal parts of 3-12-6 and cottonseed meal. Get one sack of each, mix them well and apply at the rate of about 5 pounds per 100 square feet. Soybean meal also is good as is any kind of farm manure, or organic compounds. Composts made of leaves which have been mixed with 3-12-6 or with superphosphate at the rate of one pound of mineral fertilizer for every 100 pounds of compost gives good results on farms, gardens and shrubs. January is a good month to begin fertilizing as it

gives time to cure in the soil and start an early vigorous growth in February and March. It has been shown that lawns fertilized in January and February stay greener in the spring and keep a good appearance longer during the dry summers than plants which have been fertilized too late or have not been fertilized at all.

AP Features

## TREATMENT IS NOW AVAILABLE TO ALL VENEREAL DISEASE

AUSTIN, Feb. 11.—(Spl.)—According to an announcement issued this week by Dr. Geo. W. Cox, State Health Officer, some type of treatment for venereal diseases is now available to every citizen of Texas.

In view of the startling number of selective service draftees who were found unfit for military service because of venereal diseases, increased effort is being exerted by health authorities all over the nation to control the spread of these diseases.

"War time conditions favor the increase of prostitution, which leads immediately to an alarming increase in the incidence of syphilis and gonorrhea," Dr. Cox stated.

According to figures compiled by the State Health Department in a six month's comparative report, public clinics in Texas between July 1 and December 31, 1942, treated a total of 15,870 new cases of syphilis in addition to a patient load of 16,924. New cases of gonorrhea treated numbered 6,996. At the present rate of new cases admitted, plus the regular patient load, approximately 46,621 treatments are being administered in a six month's period. During the last year, over one-half million tests for syphilis were made by the state department of health.

## March of Dimes in Corsicana Netted Sum of \$103.09

The "March of Dimes" sponsored by the Junior Chamber of Commerce, netted \$103.09, Johnny McKissack, president, announced Thursday. This amount was collected from the coin boxes placed in local business houses and from the Jaycee wishing well located on the corner of Collin Street and Beaton Street.

The money would be turned over to the Navarro County Foundation of Infantile Paralysis. David Ralston, chairman of this foundation, will make a complete report on the county drive at a later date.

## Corporation Court.

Items noted on the police blotter Thursday morning. Included four cited for overparking, one dog killed, and two doors found unlocked. E. C. Powell of Drane reported his 1927 Chevrolet coupe had been stolen from its parking place near the American Well and Prospecting Company.

## Five County Agents Held Meeting Ennis

County agents from Navarro, Kaufman, Dallas, Hill and Ellis counties held an all-day meeting at the Ennis city hall Wednesday in conference with state extension specialists in regard to the National Food for Victory program. G. W. Orms, district agent, was in charge of the meeting.

## THOMAS J. FINCHER DIED DALLAS; RITES HERE ON FRIDAY

Thomas Jefferson Fincher died at Dallas Wednesday night and the body has been brought here for funeral services and interment. The services will be held from the North Side Baptist church Friday afternoon at 2 o'clock and will be conducted by Rev. Jack Goff, pastor, and Rev. Mr. Allen, of Dallas. Interment will be in White Church cemetery.

Surviving are his wife, Dallas; two sons, Richard Fincher, Los Angeles, Calif.; John Fincher, Dallas; eight daughters, Mrs. W. I. Wilson, Mrs. John Webster, Mrs. A. W. Green, Mrs. O. C. Cook, Mrs. George Venable, all of Dallas; Mrs. Mattie Ann, Los Angeles, Calif.; Mrs. W. W. Green, Corsicana; Mrs. W. J. Ellington, Fort Worth; two brothers, Jim Fincher, Ennis; Dave Fincher, Dallas; two sisters, Mrs. J. K. Faulk, Dallas; Mrs. Mollie Faulk, Dallas; and other relatives.

Corley's Funeral Home will direct the arrangements.

## Eight Teams Will Be In County Tourney

Eight Navarro county high schools will participate in the Navarro county interscholastic league basketball tournament at the Barry gymnasium, beginning Friday at 6 p. m., according to an announcement Thursday by Ray L. Waller, superintendent of the Dawson schools and district chairman.

The teams entered in the tournament are: Dawson, Frost, Blooming Grove, Powell, Purdon, Emhouse, IOOF and Barry. Four games will be played Friday night.

The semi-finals are scheduled Saturday afternoon at 4 o'clock with the finals Saturday night.

Girls basketball teams will probably play Saturday afternoon and night as curtain-raisers.

## War Savings Stamps Sold at High School

War savings stamp sales at the Corsicana High school, under the auspices of the school's Parent-Teacher Association, are encouraging, with the report that \$36 in stamps were sold on Tuesday.

The goal last week was to sell enough stamps to add Uncle Sam in purchasing life belts, and it is reported that the sales resulted in the proposed purchase of 27 life belts for the armed forces.

One blanket was the goal of purchasers this week, and it has been reported that enough stamps were sold to secure five blankets for Uncle Sam's fighting men. Next week—the goal is helmets.

Celebrates 80th Birthday.

Miss Annie Tatum of Navarro, celebrated her eighty-ninth birthday Friday, Feb. 5, and received many cards and greetings from friends in several states.

THURSDAY MORNING RITES FOR LITTLE MARY SUE VANDIVER

Funeral services for Mary Sue Vandiver, age 10 months, were held Thursday morning at 10 o'clock from the chapel of the Corley Funeral Home, Rev. Robert F. Bristol, conducted the rites. Burial was in Oakwood cemetery.

Mary Sue, the daughter of Mr. and Mrs. Talmadge Vandiver, died in a hospital at Fort Worth Tuesday.

Surviving are the parents, Burleson; grandparents, Mr. and Mrs. A. S. Vandiver; grandmother, Mrs. Charles Haden, all of Corsicana, and other relatives.

Funeral bearers were Jack Tate, C. C. Bradford, H. M. Jones and A. J. Hardgrave.

Negro Selectees Sent Camp Wolters

Six negro selectees were sent to Camp Wolters, Texas, for induction into the armed forces Monday and Tuesday from Navarro county draft board No. 2, as follows:

L. T. Lewis, D. L. Glover, Melton Bell, David L. J. Vanibuls, Alton J. McGriff and James Bell.

Courthouse News

**District Court.**

A motion picture for a new trial was filed by defense attorneys Monday on behalf of Roosevelt Hill, negro, convicted by a jury Saturday afternoon on a murder indictment and assessed 45 years in the penitentiary. The motion has not been heard by Wayne R. Howell, district judge.

Hill was indicted in connection with the fatal shooting of his step daughter, Bertha B. Dunn, near Blooming Grove, Nov. 27, 1942.

The jury for the week summoned to report Tuesday was excused.

A habeas corpus writ filed in district court here by Garland Anderson of Winkler was denied by Wayne R. Howell, district judge, Thursday morning and Anderson was remanded to the custody of Sheriff Bill Webb of Smith county (Tyler).

Anderson recently was assessed a four-year sentence in district court at Tyler on an indictment for alleged passing of a forged instrument, it was stated, and the Smith county sheriff has declined to approve a \$5,000 bond, pending appeal.

Sheriff Webb and Deputy Sheriff J. T. Garney and District Attorney Eugene Tolbert of Smith county were here in the matter Thursday morning.

District Clerk's Office.

Mrs. Kate Norton vs. E. H. Norton, divorce.

Rosa Nell McDonald vs. Jack McDonald, divorce.

Roy Mitchell vs. Nettie Pearl Mitchell, divorce.

County Court.

A white man adjudged of unsound mind Tuesday.

Sheriff's Office.

One was lodged in jail on an insanity charge. Two cases of burglary have been filed by the sheriff's department in Judge J. D. Vance's justice court at Dawson as a result of investigations into the burglarizing of the Pete Bills' blacksmith shop and the Houston Slater store at Spring Hill, December 27. Sheriff Cap Curington revealed Wednesday morning.

Justice Court.

A complaint for alleged driving while intoxicated was transmitted to the county court Monday from Judge A. E. Foster's court.

Two were fined on highway law infraction charges, two on vagrancy complaints and one for simple assault by Judge Hayden Paschall.

Two were fined Tuesday on highway law infractions by Judge A. E. Foster.

Seven negroes were fined on vagrancy charges Wednesday afternoon by Judge A. E. Foster.

One was fined for operating a truck without a commercial license and one for operating an unregistered trailer by Judge Hayden Paschall.

GUADALCANAL

CONTINUED FROM FIRST PAGE

At his press conference Secretary of War Stimson said victory over the Japanese on Guadalcanal was hastened by an amphibian operation in which army forces moved by boat around the island under naval escort, landing near the northwest tip and marching overland to flank the enemy, who was caught on a narrow strip of beach about 15 miles long.

(Stimson said that Lieutenant General William F. Halsey, commander of all army forces under Admiral William F. Halsey, in the South Pacific, reported that during the last two weeks of January the two army divisions on Guadalcanal had killed 4,000 Japanese and took 105 prisoners, while losing only 189 killed, 398 wounded and five missing.)

Frost Farmer Dead

Sam Culbertson, long-time Frost farmer, died near Italy, Ellis county, Tuesday night after an extended illness. Funeral rites were held at Frost Wednesday afternoon, it was learned here. No immediate relatives survived.

EXPLANATION SHOE RATIONING GIVEN BY CHAIRMAN OF BOARD

Confident that citizens here will cooperate with the wartime shoe rationing program Chairman Wilbur Wright of the Navarro county war price and rationing board explained:

"All retail sales on rationed shoes were stopped from Sunday, February 7, until Tuesday morning, February 9. This freeze period let the dealers sort out rationed shoes from unrationed types. Beginning Tuesday morning, any man, woman or child can get shoes by presenting Stamp 17 in War Ration Book I. The book is the same one used for coffee and sugar rationing.

"Stamp 17 will be good through June 15. Anyone entitled to War Ration Book I who hasn't been issued one may get it from his local board.

"Discussing the need for rationing civilian shoes, Wright said, 'Americans have been buying shoes faster than manufacturers can make them. Heavy sole leather and skilled manpower are both subject to first call by the United States armed forces. That's why civilian shoe production in 1943 could not possibly keep pace with an uncontrolled demand. By rationing now, before excessive buying reduced shoe stocks to a dangerous point, both the public and the trade will benefit.

**Plan Is Simple.**

"The plan is simple and the ration is liberal. There are only four main points for consumers to remember:

1. "Stamp 17 in War Ration Book I is good for one pair of shoes between February 9 and June 15 in any store that sells shoes. If you buy by mail, enclose the stamp with your order.

2. "Stamp 17 is transferable among members of a family living in the same household and rented by blood, marriage, or adoption. For example, fathers or mothers can use their stamps to buy shoes for their children.

3. "Persons who do not possess War Ration Book I may apply for this book at a local war price and rationing board.

4. "If a person needs to buy shoes and has no Stamp 17 in his immediate family which he can use, he may apply to his local war price and rationing board for a shoe purchase certificate.

"Equally simple is the procedure for the store which sells shoes:

1. "Beginning Tuesday, February 9, must collect Stamp 17 or a shoe purchase certificate for each sale of a single pair of shoes.

2. "Save all stamps and certificates collected from your customers. Do not pass them on to your wholesaler or supplier. You will be informed what to do with them in the near future.

3. "You may continue to buy from your supplier with complete freedom, except that you will owe him stamps and purchase certificates for every pair received. You may receive any shipments that were in transit as of 3 p. m. February 7, without regard to rationing.

4. "Keep records of all shoes received and sold after the order became effective.

5. "At any time before February 12 members of the trade may deliver or ship to consumers shoes that had been ordered by them.

Wordna Mae Scott Died Early Tuesday

Wordna Mae Scott, daughter of Mr. and Mrs. Jimmy Scott, died at the family home in Frost at an early hour Tuesday morning.

Funeral rites were held Wednesday afternoon at Frost.

Miss Scott received a broken back and other injuries in an automobile accident several miles north of Frost in Ellis county last year.

Surviving are the parents, sister, grandmother, Mrs. Charles Searcy, all of Frost, and a brother, Charles Searcy Scott, U. S. army, and other relatives.

and had been wrapped, marked, or set aside for delivery before February 7. In these special cases, the shoes may be delivered without collecting ration stamps.

6. "Within a short time, shoe retailers will be required to open a stamp ration banking account and to deposit therein all of the stamps and shoe purchase certificates they have collected.

"Here is what is rationed: All unissued shoes, including all types of boots and shoes made in whole or in part of leather, and all rubber soled shoes. All ordinary types, and such types as special work shoes, hard soled moccasins, and casual play shoes, fall within this definition and are rationed.

"These are not rationed: Soft and hard soled house slippers and boudoir slippers, infants soft soled shoes, ballet slippers, ordinary waterproof rubber footwear, including rubber articles, gaiters, work dress, clog and toe rubbers and rubberman's overshoes. Shoe repairs are not rationed.

"Special provisions are made for employers and institutions which furnish shoes to their regular employees or residents. In these cases, application must be made to the nearest District OPA office in writing, stating the type and number of pairs of shoes needed, and established, that hardship would result if the application were denied.

"Members of the armed forces needing more than regular issue may apply to their issuing officers for a shoe purchasing certificate.

"Concerning local cooperation with the shoe rationing program, Wright added: I want to call the attention of the citizens of this community to the wartime necessity of making shoes last and of buying only when new shoes are actually needed. There are plenty of shoes now to take care of all civilians and these supplies must be conserved. We must save leather for war. Our fighting forces must have shoes. They need to march to victory."

EISENHOWER

CONTINUED FROM FIRST PAGE

choice to direct land operations. Eisenhower and Alexander both are young and energetic commanders who favor direct action. Both are impatient with red tape and those who know both are convinced they will make an excellent team.

In disclosing the new command setup, Churchill said of Eisenhower: "I have great confidence in him. I regard him as one of the finest men I ever met."

It is assumed that Gen. Sir Bernard L. Montgomery, British Eighth army commander under Alexander, will remain in charge of that army.

British reaction to the appointment was favorable immediately

ACCOUNTING COURSE OPENED LAST NIGHT; ATTENDANCE LARGE

An industrial accounting course opened Tuesday night at the Y. M. C. A., with an attendance of 56. Of this number 35 or more were women. The attendance was so large that it was necessary to transfer the classes to the high school for the sessions. Others are expected to enter at the next session.

Classes will be held Monday and Thursday nights from 7:30 to 10:30 for a period of 15 weeks. There is no tuition charge, the only cost is the purchase of a textbook and practice set.

George S. Fritz, accountant for the U. S. war department, St. Louis ordinance district, who is at the American Well, will teach the course, which is under supervision of Texas A. and M. College and is one of the war training courses sponsored by the government.

Overseas Soldier Praises Work Red Cross Doing There

Mrs. W. W. Halbert received a letter recently from her son, James Paul Halbert, who is "somewhere in Ireland" in which he urged her to donate to the Red Cross campaign, as the organization is doing a good job overseas for men in the armed services. He states that the Red Cross has a nice place near his camp, and that they go there

often, and eat quite frequently. James Paul is supply clerk with an overseas corporation whose duties are to "keep 'em flying." He has been overseas since July 21st, and has signed up for another six months.

He also told his mother that he is receiving the Corsicana Daily Sun and commented on the number of weddings and the number of men that have gone from Corsicana to the armed forces within the past few months.

100F Lynx Winner Over Barry Quint

100F Home Lynx cagers ended their pre-county tournament practice schedule Wednesday night by defeating the Barry High School five at the Barry gym court, 22-10.

The Lynx compete in the county B cage tourney at Barry Friday and Saturday.
